SINGLE FAMILY HOME BIWEEKLY GARBAGE COLLECTION

Garbage collection for single family dwellings is now biweekly (every second week) collection. Blue box recycling and the Green Can program continue to be collected weekly. As the majority of our waste can be recycled, please focus on the weekly recycling and green waste programs and help reduce the amount of waste we send to the landfill.

It's easy to have a Green Can!

- Use any plastic garbage can (60 liters or less) with a secure lid (same as used for yard trimmings). Can does not have to be green.
- Collect all food scraps in a kitchen food scraps container. Save money by reusing an ice cream bucket or other lidded container.
- Empty food scraps into the Green Can. You can line your Green Can with a paper kraft bag to help keep it clean – bags are recommended and are available to purchase at all City facilities. Sorry, plastic bio-degradable bags are NOT currently accepted at local processing facilities.
- The Green Can is picked up every week – make sure the decal is facing the street.
- **Please note, the Green Can program is only available to single family dwellings at this time.**

For more information, please visit us online at www.whiterockcity.ca/garbagecollection or call the department of Engineering and Municipal Operations at 604.541.2181.

FIRE PREVENTION WEEK – HAVE TWO WAYS OUT!

The White Rock Fire Rescue is endorsing Fire Prevention Week to promote "Have Two Ways Out!" Create a home fire escape plan with two ways out of every room and discuss it with the whole family. Practice the plan with everyone in your home twice a year.

Take steps to make your home escape-ready.

- Install smoke alarms and test them monthly to make sure they are working properly.
- Check to see that all doors and windows open easily.
- Make sure your house or building number is visible from the street.

To find out more about Fire Prevention Week programs and activities in White Rock please contact the White Rock Fire Rescue at 604.541.2121 or firedept@whiterockcity.ca. To learn more about "Have Two Ways Out!" visit NFPA's web site at www.firepreventionweek.org.
