

**PUBLIC INFORMATION MEETING / OPEN HOUSE  
WHITE ROCK TOWN CENTRE URBAN DESIGN PLAN**

Date: Tuesday, September 27, 2011

Time: 5:30 pm to 7:30 pm

Location: White Rock Community Centre Presentation Room 15154 Russell Ave.

The City will be hosting a public information meeting as an open house to present the final recommendations for the White Rock Town Centre Urban Design Plan. The meeting will be a “drop-in” format with illustrative display panels, with both the Consultants and City staff available to answer questions.

In April of this year the City hosted a two day integrated design charrette as part of the study to develop the Town Centre Urban Design Plan. Volunteer residents joined a larger group consisting of representatives from various City Committees, local business interests, and landowners. During this two-day charrette, options were explored for conceptual land use and building form and layout, open space and streetscape improvement, green infrastructure strategies, street cross-sections and conceptual ideas and illustrations. This was followed by an evening presentation open to the general public to present the outcome.

In late June of this year, the City also hosted a Community Consultation Forum to obtain additional feedback on the progress of the plan, with over 80 people in attendance.

This meeting is the final opportunity for public feedback prior to completion of the final submission.

We look forward to seeing everyone at the open house.
