

New Online Registration System for Recreation Programs: What it means for you

**WHITE
ROCK**
City by the Sea!

The City of White Rock is upgrading the system used for registration of recreation programs, in time for the Spring 2020 season.

The new registration system will have features that will make it easier and quicker to register online for the programs you love. With a mobile interface, you will be able to register online from any computer, phone or tablet, any time of day.

The new system was chosen after an extensive search and proven results with other municipalities. The system currently used is no longer available by the vendor.
