

City of White Rock

**REQUEST FOR QUOTATION – WR19-049
Memorial Park Handrail Replacement**

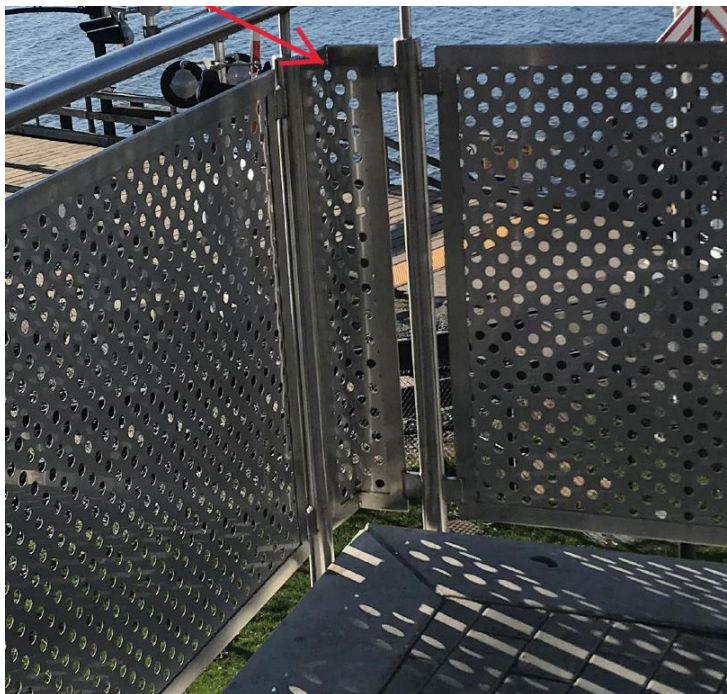

Addendum No. 1 - Issued December 4, 2019

QUESTIONS AND ANSWERS No. 1

The following are a list of questions received by the City related to the above RFQ, and responses to those questions related to the above RFQ. The content of this addendum now forms part of the WR19-049 and should be considered with the other terms as presented.

Q1: What is to be done for new handrail at inside corner locations? (see photo below)

A1: Our expectation was to have the existing remain, as the cabling will not work in these corners, but the City should confirm they are satisfied with this scenario. There are 4 instances of inside corners and 3 of outside corners. Alternately, the contractor can provide shop drawings to match the design intent for an inside and outside corner transition. This will likely result in a 45 degree angle connecting the two posts.

Q2: **Are the public washrooms to remain open for duration of project?**

A2: Yes.
