

I/We hereby apply for permission to construct or alter the road and right of way, within the limits of City of White Rock lands, and in accordance with the particulars, plans and specifications submitted herewith. It is understood that the completion of this form constitutes an APPLICATION ONLY and that the works applied for will not commence until a covering permit has been issued by the Engineering and Municipal Operations Department, signed by the Director of Engineering and Municipal Operations or his designate. The proposed works are to be undertaken at the following location(s):

All proposed works are to conform to the current Street and Traffic Bylaw. Design drawings, certified by a registered professional engineer, may be required. Upon completion of this work the City of White Rock has no obligation or responsibility to maintain this work or replace it if destroyed or altered. The City may at any time undertake road or boulevard improvements that may require the removal of the above described works. Both the removal of the works as well as the restoration of the boulevard, following completion of the City improvements, will be the responsibility of the applicant and seceding property owners of the address listed below.

Traffic Management Plans are to conform to the latest edition of the Ministry of Transportation and Highways "Traffic Control Manual for Works on Roadways".

Securities deposited with the City may be held for up to one year following successful completion and inspection of the works, and fulfilment of the terms and conditions of the road and right of way use permit issued. All works are to be completed to the satisfaction of the Director of Engineering and Municipal Operations, or his designate, who will determine when the security is released, and the final dollar amount released.
