Development Variance Permit – File No. 22-026

Subject Property – 13836 Marine Drive

PLEASE TAKE NOTICE THAT a Public Information Meeting will be hosted by the **APPLICANT** in the Gallery of the White Rock Community Centre (15154 Russell Avenue) on **November 17, 2022, from 5:30pm to 6:30pm** to discuss an application for the property at 13836 Marine Drive (see location map below).

The City of White Rock has received a Development Variance Permit (DVP) application to request relief from the 7.7m maximum permitted height requirement for a principal building as per the Zoning Bylaw, 2012, No. 2000.

The applicant has proposed additional exterior architectural features (decorative chimneys and ironwork) on their new single-family home which would project 2.13m beyond the maximum permitted height for a principal building. The proposal seeks a variance to allow a maximum permitted height of 9.83m for a principal building.
